## Primary Training Courses

---

## The New Ofsted Inspection Framework for Primary Schools – Be Prepared!

---

The new 2012 Ofsted framework radically alters the focus of inspection in primary schools. Schools "will be judged on a smaller number of core aspects than before, but we will be examining them in greater depth." Ofsted. This brand new course will provide you with an overview of the new Ofsted inspection arrangements and their implication for your school. You will be able to prepare confidently for the inspection visit, know what inspectors expect and be proactive and effective in the presentation of evidence.

### Course Content

---

- ✓ *Be prepared for the new focus of inspection*
- ✓ *Know the details of the new grade descriptors*
- ✓ *Understand how the new inspections will be conducted*
- ✓ *Consider what form of self evaluation is most persuasive and best serves the needs of your school*

## Teaching a Split Year Class

---

Many teachers are faced with teaching a split year class quite early in their careers. This situation is one which no teacher is ever trained for and many teachers are left feeling unprepared and exposed by having to learn through their 'first time' experience. This course will give practical guidance to teachers and will offer a 'handy hints' approach to the teaching of a split year class.

### Course Content

---

- ✓ *Understanding the challenge and the opportunities of split year teaching*
- ✓ *Using assessment in the split year class to ensure progress*
- ✓ *Planning for effective differentiation in split year classes*
- ✓ *Using your support staff to maximum effect*
- ✓ *Overcoming differences in emotional and social development*
- ✓ *Effective time management to help you flourish*

## Running an Effective EYFS or Primary School Trip

---

This course, for both teachers and managers, gives a practical and 'fool-proof' approach to identifying, planning and leading an off-site educational visit. The course will look at the legal requirements for safeguarding children whilst maximising their enjoyment and excitement. Delegates can expect to receive a process for leading a visit that will ensure all requirements are met.

### Course Content

---

- ✓ *The role of 'off-site' learning in child development*
- ✓ *Linking your visit to curriculum content*
- ✓ *Planning for engagement*
- ✓ *Risk assessment and management*
- ✓ *Who needs to be informed*
- ✓ *What about insurance?*
- ✓ *Meeting the cost of your visit.*

---

## Enquiry-based Learning in the Primary Classroom

---

This course aims to provide opportunities for teachers and support staff to explore new ways to help children develop their own learning skills. Practical advice will be given on the learning environment, content of lesson planning and PLTS.

### Course Content

---

- ✓ *The ownership of learning*
- ✓ *Encouraging enquiry*
- ✓ *Developing an 'exploration culture'*
- ✓ *Developing Personal Learning and Thinking Skills*
- ✓ *Matching approaches to curriculum requirements*
- ✓ *Formative and summative enquiry*

## Effective use of APP in the Primary Curriculum

---

This course for primary teachers and leaders will offer practical advice on effective use of APP to help planning and assessment. Delegates will have the opportunity to discuss and evaluate current practices and will also be given step by step guidance on developing best practice.

### Course Content

---

- ✓ *Using data to differentiate teaching*
- ✓ *Linking content to assessment outcomes and AF's*
- ✓ *Having confidence in your judgement of pupil progress*
- ✓ *Cross-curricular approaches*
- ✓ *Ensuring progress for all pupils*
- ✓ *Raising standards*

## APP Powered Numeracy in EYFS and Primary

---

The advent of sensible APP practices within schools has given the opportunity for learning to be truly informed, personalised and tailored to produce real progress. This course will show delegates how, through the use of APP, the standards of learning in numeracy can be improved significantly. Delegates will evaluate their own processes whilst exploring models of good and best practice. The course is suitable for all teachers and TAs involved in numeracy teaching.

### Course Content

---

- ✓ *The theory of APP*
- ✓ *APP processes*
- ✓ *Planning an APP led provision*
- ✓ *Understanding APP data*
- ✓ *Objective led teaching*
- ✓ *Raising standards through creative, APP informed lessons*
- ✓ *Numeracy specific APP*

## Exciting Cross-curricular History In KS1 and KS2

---

Children have a natural interest in history and the way things used to be. This course, for teachers and TAs in both key stages, will show delegates how this interest can be utilised to raise standards in all areas. Delegates will explore a number of inspiring practical approaches to the teaching of history and will also explore examples of good practice that they will be able to adapt in their own schools.

### Course Content

---

- ✓ *Planning for high quality history within a cross-curricular approach*
- ✓ *KS1 and KS2 history requirements*
- ✓ *Developing key skills across the key stage*
- ✓ *Practical strategies to bring history alive for all pupils*
- ✓ *Assessment in History - making it work for you*
- ✓ *Leading history successfully*

## Surviving as a KS2 NQT

---

This highly participatory course is aimed at supporting KS2 teachers in their first year. The course will offer a 'handy hints' approach to many of the areas that NQTs find challenging. Delegates will leave the course with a lot of practical guidance that should impact their teaching immediately. Delegates will also have the opportunity to develop a network of contacts which will prove of ongoing and substantial worth.

### Course Content

---

- ✓ *The specific challenge of KS2 teaching*
- ✓ *Getting the job done in the time you have*
- ✓ *Developing effective planning for learning*
- ✓ *Leading behaviour*
- ✓ *Making the most of your classroom*
- ✓ *Successfully embedding assessment*
- ✓ *Confidently dealing with parents*

## Using Music to Accelerate Learning in the Primary Classroom

---

Used correctly, music is a fantastic tool that can be used to accelerate learning and increase enjoyment in the primary classroom. However, many staff lack the confidence or knowledge of how to fully integrate music into their lessons. This hands on course, which is suitable for all primary school staff, provides a great introduction to non-specialists. You will explore a wide range of musical activities you can use to accelerate learning and will return to school confident and brimming with ideas.

### Course Content

---

- ✓ *Understanding of the Learning Cycle and reflective practice*
- ✓ *What makes an effective music lesson?*
- ✓ *Bringing music alive in the classroom and beyond*
- ✓ *Teaching rhythm, pitch, singing and music games*
- ✓ *How to use music as a cross curricular tool*
- ✓ *Engaging and motivating pupils using simple composition tasks*
